

Declaration for Sustainable Ideation, Construction, and Operation

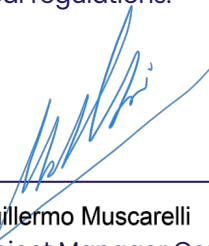

At **Cencosud Shopping S.A.**, Tax ID: **76.433.310-1**, and **Administradora de Centros Comerciales Cencosud SpA**, Tax ID: **78.408.990-8** (hereinafter jointly referred to as “Cenco Malls”), we strive to enhance the quality of life for our stakeholders through a differentiated, sustainable experience upheld by high standards, spanning from construction through the operation of our shopping centers. Our business vision is rooted in **embedding sustainability as the foundation of our strategy**, which we have defined and continuously worked to improve.

Aligned with our Integrated Environmental Management and Energy Efficiency Policy, we have developed the necessary guidelines for **Sustainable Ideation, Construction & Operation**. This document, therefore, lays the foundation for the development of new projects, renovations, and operations, aiming to go further by comprehensively integrating sustainability within Cenco Malls:

- **We promote energy efficiency** across design, processes, and facilities to enhance the Company's energy performance through efficient technologies and the use of electricity from renewable sources. We also work toward reducing emissions from our operations.
- **We foster water efficiency** in our construction and operational activities through the implementation of water-saving technologies and the promotion of innovative solutions aimed at reducing and reusing greywater.
- **We advance comprehensive waste management** during construction, remodeling, and operational stages, encouraging waste segregation and recovery.
- **We encourage electromobility and sustainable transportation** by implementing electric vehicle charging stations, **bicycle infrastructure**, and **facilitating proximity to public transportation**.
- **We promote the use of sustainable, low-environmental-impact construction materials** for our developments and renovations, and we support measures that protect biodiversity within our premises.
- Furthermore, we ensure compliance with all applicable local regulations.

Sebastián Bellocchio Fioretti
CEO Cenco Malls

Guillermo Muscarelli
Regional Project Manager Cenco Malls
